

## Coventry RTC Sessions 2015-16 @ Sidney Stringer Academy

Book online at [www.swanalliance.org.uk](http://www.swanalliance.org.uk)

Date	Time	Title	Outline
Tues 29/09/15	3:45-5:00	Digital Assessment and Feedback 1	This session is aimed at those getting started with iPads in the classroom. How can we use iPads for AfL? How can student work be evidenced? How can effective feedback be given? No previous iPad experience is required.
Thurs 15/10/15	9:00-11:00	Managing iPads - Configurator & MDMs	Technical session aimed at IT support staff to enable them to understand the use of Apple configurator and MDM's to manage sets of iPads or individual iPads in 1-1 schemes.
Thurs 26/11/15	3:45-5:00	Primary Science with iPad	Exploring how to use iPads to transform T&L in the primary science curriculum. This session will include both specific activities designed for primary science lessons and more general ways to creatively teach science with the iPad.
Tues 08/12/15	3:45-5:00	Digital Authoring - Creating Interactive Textbooks	This workshop introduces iBooks Author, an intuitive tool that allows teachers to create their own multi-touch textbooks for use on iPad and Mac. Participants will explore how to import existing teaching materials (whether they be Word or PowerPoint format), use templates to create new materials and add features such as animations, multimedia elements and review tools for assessment.
Tues 19/01/16	3:45-5:00	Supporting SEN pupils and reaching all learners	The iPad's wide range of accessibility features, and apps that can be used to support SEN learners will be explored on this course. Ideal for both teachers working specifically with students with SEN needs as well as for any classroom teacher or LSA. Help make learning accessible to all! No previous iPad experience required.

Date	Time	Title	Outline
Tues 11/02/16	3:45-5:00	Introduction to EYFS/KS1 with iPad	This workshop targets the unique challenges that teachers are likely to face in the Early Years Foundation Stage and Key Stage 1 classroom. It helps build attendees' confidence and competence when using iPad, while providing lesson ideas and recommending apps to support their curriculum delivery.  This is a beginner course - no previous iPad knowledge is required.
Tues 23/02/16	3:45-5:00	PE with iPad	PE can be greatly enhanced by the use of the iPad to capture, analyse and improve performance in any sporting activity, as well as by the use of a range of apps to teach both the theory and practical sides of PE. This session will demonstrate the range of ways iPads can be used to enhance T&L in PE. No previous iPad experience required.
Thurs 03/03/16	10:00-14:00	Beginning a 1-1 iPad project	Getting started with a 1-1 iPad deployment: Managing the iPads, training staff, measuring success. This course is designed for Senior Leaders considering a 1-1 iPad project in their school. <b>There is a cost of £50 for this course.</b>
Tues 15/03/16	3:45-5:00	Digital Assessment and Feedback 2 - Evidence	A more in depth look at digital assessment and feedback tools, but with a focus on collecting evidence digitally. Aimed at those who attended the first session or have some experience in using iPads in the classroom to share effective tools and strategies.
Tues 21/03/16	3:45-5:00	KS4 Revision tools with iPad - building independence	Do you want to foster independence in your students and ensure they revise in a productive and individual manner? This session will look at tools and strategies to encourage students to be independent in their revision, to get the most from it. No previous iPad experience required.
Tues 14/06/16	3:45-5:00	Literacy in KS1	A focussed session on the best apps and ideas for using iPads to teach Literacy at KS1. <b>There is a cost of £50 for this course.</b>
Thurs 23/06/16	3:45-5:00	Numeracy in KS1 & KS2	A focussed session on the best apps and ideas for using iPads to teach Numeracy at KS1 & KS2. Ideal for Numeracy Co-ordinators but useful for all primary teachers. <b>There is a cost of £50 for this course.</b>
Tues 28/06/16	3:45-5:00	Literacy in KS2	A focussed session on the best apps and ideas for using iPads to teach Literacy at KS2.
